## **SECTION 4 - CONCLUSION**

Based on the results obtained in the experimental conditions elsewhere described in this report it is possible to maintain that the product **SUNCARE PRODUCT REF. 986.01 (201201.011)**, submitted to the evaluation of the sun protection factor (SPF) according to the ISO 24444:2019 Cosmetics — Sun protection test methods — In vivo determination of the sun protection factor (SPF), has the following SPF:

(mean ± c)

According to the European Commission 2006/647/CE recommendation of 22 September 2006 on the efficacy of sunscreen products and the claims made relating thereto, the sun protection factor provided by the product belong to the category:

## **«HIGH PROTECTION»**

## Attachment 1. Results: tested product and reference sunscreen formulation
